Sri. D. Manjunath
Former Education Minister
Govt. of Karnataka

Bapuji Educational Society was established in the year 1972 to support the indigenous students of rural Karnataka. The Society runs many institutions ranging from primary schools to higher education colleges in Chalkere of Chitradurga district. The society was founded by Sri. Manjunath, Former Education Minister in the State of Karnataka and Sri. Hanumanthappa, Ex Member of Parliament. The mission of the society is to provide excellent higher education to the deserving youth & make world class leaders in their chosen field.

ABOUT THE COLLEGE

The Bapuji Ayurvedic Medical College and the hospital are located in a beautiful and serene atmosphere. Attached with a herbal garden with varieties of medicinal plants, the campus is spread over an extensive area providing ample space. The academic life of the students will be thrilling and exciting with the extracurricular activities throughout the year. The institution creates an atmosphere to the students to involve themselves in academic and research oriented activities. The institution is having well established departments, Library and hospital with adequate experienced teaching faculties. Seminars and workshops will be conducted regularly to enrich the knowledge of the students by the renowned personalities.

MESSAGE FROM THE PRINCIPAL

It is indeed my proud privilege to introduce the Bapuji Education Society's "Bapuji Ayurvedic Medical College and Research Centre" Chalkere as one of the leading institutions of Ayurveda which had turned out outstanding practitioners of the science. Bapuji Ayurvedic Medical College and Hospital was established in 1996 with a motto of spreading the knowledge of Ayurveda, the oldest medical science in the world. The institution pursues high skills and very good careers for students and will strive for their development. Curriculum of B.A.M.S. course consists of studies of human anatomy, physiology, metaphysics. Detailed information about plants, minerals and animal products as medicine, preparation of various herbo mineral formulations, diagnosis of pathological state of body called disease, and their management and treatment. Various branches of studies consist of Medicine, Surgery, Eye, E.N.T., Gynaecology & Obstetrics, Paediatrics, Panchkarma with a scientific approach. This renders them the confidence to accept any challenge in their future life. This is possible only due to the unconditional support of the management that makes the uphill task of running the institution smoothly seem simple. The two remarkable personalities and philanthropists Mr. D. Manjunath, the Ex - Minister for education, Govt. of Karnataka and Mr. H. Hanumanthappa, the former M.P. and central Silk Board Chairman are enormous sources of inspiration for us.

Dr. Basavarajappa C T, MD (Ayu)
Principal

We have eminent, experienced and efficient faculty. The laboratories are equipped to ensure that students have exceptional experience in practicing the class room knowledge. We also have a full fledged hospital in our campus. It provides students with hands on experience and opportunity to learn and practice.

OUR HERBAL GARDEN AND CAMPUS

We have a extensive lush green campus and herbal garden with a wide variety of medicinal plants. The campus gives the right environment for education. The students gain rich practical experience with the rich herbal garden.

SPORTS

We encourage our students to practice yoga regularly to keep fit. Sports, games and other extra curricular activities are given equal importance for the overall development of the personality of our students. Lot of cultural events also happen in our campus on a regular basis.
